

THE KIGAMBONI COMMUNITY CENTRE

*"KCC HAS RESTORED MY FAITH IN DEVELOPMENT
PROJECTS IN AFRICA" Emma, United Kingdom*

KCC was set up in 2007 by inspired young locals to support the development of our community, and is currently serving over 400 people. KCC services include:

- Vocational training to empower students with skills for a brighter future
- Free nursery and primary education and a route into mainstream education for children who don't have that access
- Computer and English classes for all
- Support for homeless children
- A rehabilitation programme helping children in trouble with the law.
- Opportunities for local youth to develop their talents through a wide range of activities including art, drama, dance, sports, music, and acrobatics.

KCC Enterprises formed in 2010 to support the work of the Centre, includes KCC Cultural Tourism, KCC Shops and KCC Bajajis. By supporting these enterprises, you directly contribute to the economic and social development of some of the most disadvantaged members of our community.
